Preferences

Outstanding education, awesome technology

Google Drive Preferences

Overview

To enable the Google Drive integration with FrogLearn you need to have completed the steps outlined in the document 'Google Drive Pre-Requisites'. Please ensure that you have both your Google client ID and Google client secret to hand.

The Google Drive integration also supports single sign on. Further documentation on how to configure this is available. Please contact the Service Desk on 01422 395 939 or servicedesk@frogeducation.com

How-to

To configure Google Drive, navigate to the **Frog head** > **System Preferences** > **Google Apps** > **Google Drive**.

Paste in the Google **client ID** and Google **client secret** that were generated when you were working through the steps in the document 'Google Drive Pre-Requisites'. Next enable the **ON** switch and then click on the **Save Changes** button.

System Preferences

ADFS	**Google Documents** ON ▐
Active Directory	Would you like to allow users to access their Google documents?
Custom Subjects	
Dashboards	**Client ID**
File Types	3309538782940uamc7rqo4656o9iskk4sueu975lr36od.apps.googleus
