Engage Learners and Extend Learning

Alongside a range of tasks to support variation, **HomeLearning** boasts a unique games based approach, proven to encourage independent learning in a motivating environment.

300,000 Pre-built resources to reduce workload

Using **HomeLearning** teachers gain access to a wide range of pre-built content, instantly removing the need to create homework topics from scratch. Pupils can lead their own learning whilst teachers can rapidly set comprehensive homework tasks.

Flip the classroom to focus learning

It's easy to implement flipped learning and maximise contact time with **HomeLearning**. Simply select a pre-built quiz and test knowledge ahead of a classroom lesson and adapt content to address learning needs. Quickly identify those individuals requiring additional support and tailor homework accordingly.

Motivate pupils through game-based quizzing

To help engage pupils beyond the classroom **HomeLearning** provides powerful game-based quizzes. When enabled, gameplay is unlocked once a selection of topic questions has been completed and continues to add game credits and new features as pupils advance.

The more they learn, the greater the play!

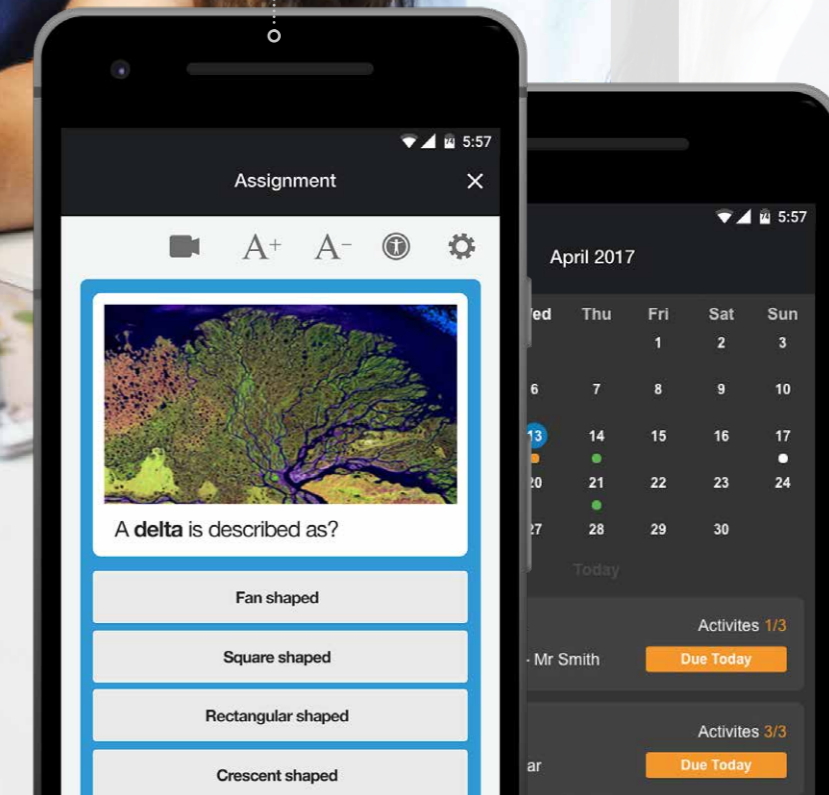

Proven to raise results

Learners in one academic year showed
8.6% Average result improvement

One hour of usage each week resulted in
13.5% Improvement in results
