

# Office 365 – OneDrive Preferences

## Overview

To enable the OneDrive integration with FrogLearn you need to have completed the steps outlined in the document **1 - Office 365 - OneDrive Pre-Requisites**. Please ensure that you have the details below to hand:

- Client Secret
- Application (client) ID
- Directory (tenant) ID

Should your school wish to have single sign on between Office 365 OneDrive and the Frog platform then you may wish to consider one of the integrations below:

- Active Directory Federated Services (ADFS)
- Azure

Both integrations will be the responsibility of the school to configure, however, if you would like any guidance then please contact the Service Desk on 01422 395 939 or [support@frogeducation.com](mailto:support@frogeducation.com).

## How-to

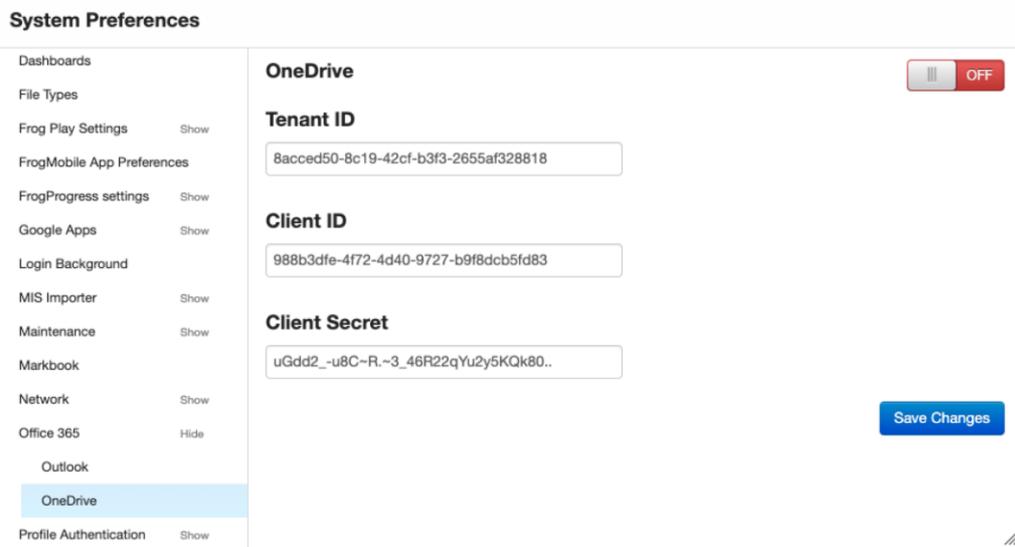

To configure OneDrive, navigate to the **Profile Menu > System Preferences > Office 365 > OneDrive**.

The screenshot shows the 'System Preferences' interface. On the left is a sidebar menu with items like 'Dashboards', 'File Types', 'Frog Play Settings', 'FrogMobile App Preferences', 'FrogProgress settings', 'Google Apps', 'Login Background', 'MIS Importer', 'Maintenance', 'Markbook', 'Network', 'Office 365', 'Outlook', and 'OneDrive'. The 'OneDrive' item is highlighted with a red box. The main content area is titled 'OneDrive' and has a toggle switch set to 'OFF'. Below this are three input fields: 'Tenant ID' (placeholder: 'Please enter your Tenant ID...'), 'Client ID' (placeholder: 'Please enter your Client ID...'), and 'Client Secret' (placeholder: 'Please enter your Client Secret...'). A blue 'Save Changes' button is located at the bottom right of the form area.

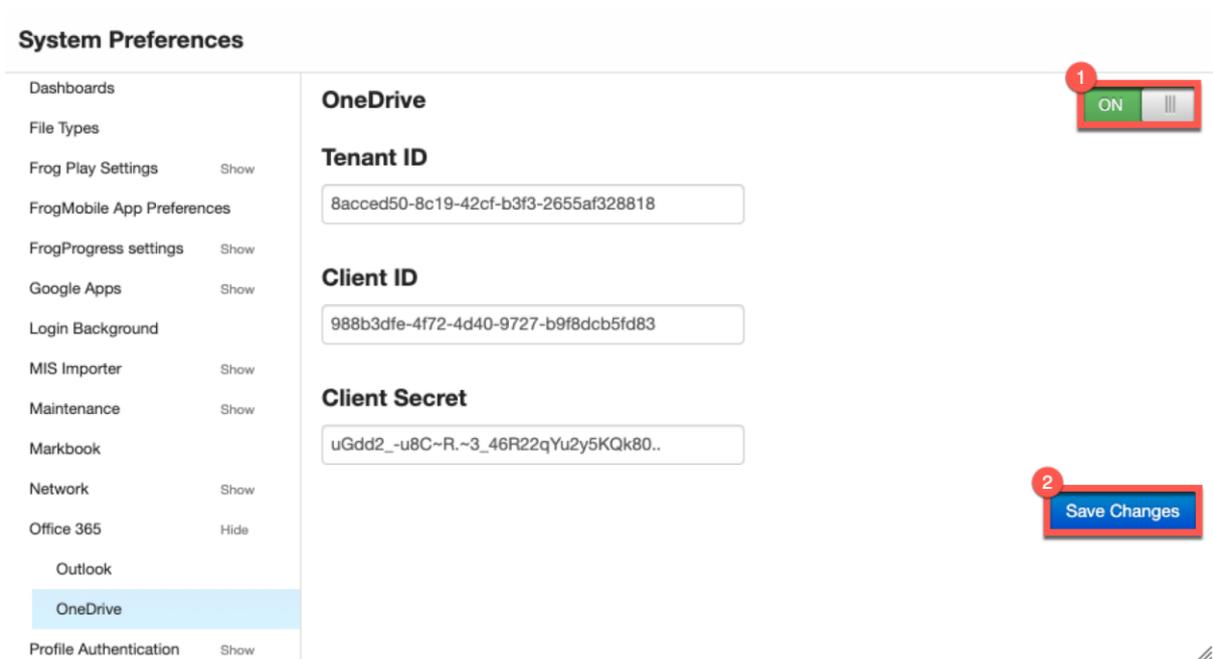

Paste in the identifiers for the fields below that were generated when completing the steps in the document **1 - Office 365 - OneDrive Pre-Requisites**.

As per the previous documentation the identifiers in this example would be as below:

- **Tenant ID** - 8acced50-8c19-42cf-b3f3-2655af328818
- **Client ID** - 988b3dfe-4f72-4d40-9727-b9f8dcb5fd83
- **Client Secret** - uGdd2\_-u8C~R.~3\_46R22qYu2y5KQk80..

Next slide the toggle to **ON**, then click on the **Save Changes** button.

The OneDrive integration is now enabled for all admin, staff and student profiles.

For more information on how to use the new OneDrive integration please refer to the document **5 - Office 365 - OneDrive User Guide**.
